

# ASTO- We Communicate

# Who Are We?

I come from ASTO- We Communicate!!

Our full name is:

**ASsociation of restless TO-daydreamers**

# Who Are We?

Why Restless?

At a time when the ecological-social crisis and unconditional development lead to a two-tier society and to patterns of people subordinated to rationality and technological domination, it is necessary to rally people who are not complacent and who believe in both "person" and group action.

# Who Are We?

Why To-day Dreamers?

In these days when almost everyone is trapped in a daily routine where stress, loneliness and lack of communication triumph, our goal is to promote another way of life that reminds us that we still have the right to dream.

**AND WE ARE ALL VOLUNTEERS!!!**

# Where Are We From?

We are from Patras, Greece. Patras is the main port connecting Greece to Italy, a de-industrialised city, a University Capital with over 30.000 Students, a carnival sensation!
